YOU HAVE QUESTIONS

Q: What makes your graduation sessions different

A: My approach is relaxed, guided, and personal. I help you feel comfortable in front of the camera so your photos feel natural and confident. Each session is planned around your personality, style, and campus locations that are meaningful to you.

Q: When will I receive my photos

A: Gallery delivery time depends on the collection you choose. Most graduation sessions are delivered within a few days. You will receive an online gallery where you can download and share your images.

Q: Will I receive the RAW or unedited photos

A: Final edited images are carefully selected and professionally retouched to reflect my artistic style. RAW or unedited files are not provided.

Q: Can I bring family or friends to the session

A: Yes. You are welcome to bring family members or friends. We can include a few group photos as part of your session. If additional individuals would like their own portraits, there is an add on fee of \$50 per person. This can also be a great opportunity to turn your session into a small group experience and celebrate together.

Q: Will my photos be shared on social media

A: Your photos belong to you and your privacy is always respected. I will not share your images publicly without your permission. If we are both happy with the final gallery, I may ask if you are comfortable allowing me to share a few images for portfolio or social media use. A short media release form will be provided for your approval.

Q: How do I reserve my graduation session

A: You can begin by scheduling a consultation call with me through the booking link in my bio. You are also welcome to reach out by email or send a direct message on social media.

Once we confirm your session details, a signed agreement and deposit are required to officially reserve your date.

Graduation season availability is limited, so early booking is recommended.
